Continuum of Care Membership Application

Vision for Success

The NorCal Continuum of Care (CoC) envisions a homeless response system that uses resources effectively, quickly connecting our neighbors with services to regain and retain housing or to prevent homelessness from occurring. By reducing homelessness, we will improve the quality of life and well-being of everyone in our region.

The CoC Executive Board has established Advisory Boards to include representatives from relevant stakeholders and will include a broad representation of key stakeholder groups found within the counties encompassed in the CoC as articulated in the HUD Interim Rule. Each of the counties participating in the CoC region will be responsible for forming a local Advisory Board. There may be no more than one Advisory Board per county.

Values

Our values, based on a unified and community-wide solution, will align efforts to address homelessness and mitigate the impacts it has on our communities. Together, we create an assertive, effective and strategic approach that will serve as the homeless response system.

- Healthy Communities - with a coordinated, regional response, support our most vulnerable populations in identifying housing opportunities and achieving greater dignity and self-sufficiency.
- Coordinated System of Care – a community-wide response to homelessness prioritizes the quality of life for all persons, understanding that each person has unique needs, strengths and experiences.
- Long-term Sustainability-investments in the right solutions will result in effective use of resources and significantly reduce the number of persons experiencing homelessness.
