To Address the Board: Members of the public may address the Board on any agenda item. Pursuant to the Brown Act (Govt. Code section 54950, et seq.) Board action or discussion cannot be taken on non-agenda matters but the board may briefly respond to statements or questions. You may submit your public comment via email to cmadison@teachinc.org that will be read into the record.

1. Call to Order/Quorum Established/Introductions

2. Public Comments (limited to 3 mins. per comment)

3. Action Items

- I. Action: Approve December 16, 2025 PIT Committee Meeting draft minutes**
Exhibit A
- II. Action: Approve the 2026 Unsheltered PIT Survey draft (to be converted to the Sheltered version)**
Exhibit B – Unsheltered PIT Survey

The most recent draft of the unsheltered PIT Survey was emailed to PIT Committee members and additional volunteers on December 19. The deadline for providing suggested revisions was December 29 and no additional written suggestions were provided.

Simtech will create the Sheltered PIT survey based on the approved Unsheltered version and make edits to the Counting Us app.

4. Discussion

PIT Planning

I. Simtech Solutions identified key action items that need to be focused on.

- 1) Volunteers** Add volunteers to the Counting Us App by sharing the Volunteer Registration Portal at <https://norcal.pointintime.info/>
- 2) County Leads Roles and Responsibilities**
 - a. County Leads have been added as jurisdictional leads in the command center. You will need to register an alternate as administrator for your county for the count.
 - b. See recruiting materials you can tailor to meet local needs or create their own.
 - c. Oversee outreach teams and others to identify known locations.

II. HIC Planning

- 1) Exhibit C HIC Planning Summary- provides details about the County HIC Lead responsibilities and work with Pathways.**
- 2) HIC County Responsibilities.**
 - a. Volunteer Leads and alternates for each County will oversee the PIT Sheltered Count and HIC process. Identify organizations and projects in the NorCal CoC that need to be included in the 2026 HIC, assist with follow-up if needed.**
Provide **ASAP** to Seth Maneja smaneja@pathwaysmisi.org and Daniel Howland, dhowland@pathwaysmisi.org the names of programs for “all homeless-dedicated beds and programs operating by organizations in your county that are missing from the 2025 HIC List of Projects, **regardless of funding source and including those not currently participating in HMIS**. These would be programs **that are not included in the 2025 HIC** that meet the attached criteria, “Project Type Reference Sheet”
 - b. Be sure to provide Seth and Daniel the list of all shelters that will require the administration of a Sheltered Survey that meet the definition of the following:**
 - 1) Emergency Shelter
 - 2) Transitional Housing
 - 3) Safe Haven

I. Action: Approve December 4, 2025 Special PIT Committee Meeting draft minutes

(Exhibit A) - Motion to approve by Kristen Quade, Second by Nicole Lamica. All in favor, none opposed. Motion passed.

PIT Planning

Today's meeting will continue to work with Simtech Solutions on revising the 2026 PIT Surveys.

4. Discussion

I. Review Unsheltered and Sheltered Surveys. Committee members work with Simtech Solutions to consider survey questions, revisions

Exhibit B. 2026 Unsheltered Survey (updated) - The team discussed the volunteer registration portal, which is now live but has only 14 registered users so far. They reviewed survey questions and discussed the use of both app and paper forms, with Simtech explaining that the app was built with HUD and requires individual household surveys due to its common household ID system. The team agreed to maintain paper forms as a backup in remote areas where app usage might be challenging. They also addressed how regional leads can access and manage volunteer registrations through the command center, with Simtech providing a link to the jurisdictional lead website for Northern California.

The group discussed survey questions for a homelessness study, focusing on whether to include a sexual orientation question and an address history question. They agreed to remove the address history question and keep the sexual orientation question, with Kristen Schreder requesting any additional suggestions for survey improvements. Simtech noted that the survey order might need custom development, and Kristen will work with them to finalize the survey. The group also discussed the importance of the paper survey for accurate data collection, especially in areas with limited internet access.

II. Simtech Solutions identified key action items that need to be focused on.

- 1) The Volunteer Registration Portal is live at <https://norcal.pointintime.info/>. We still need jurisdictional leads to register for the count.
- 2) See recruiting materials to share with the understanding that people may want to tailor these to meet local needs or create their own.
- 3) Regional count admin(s) need to be chosen and given access to the command center. We are in the process of creating a roles and responsibilities for Regional Count Admins document to share.
- 4) Outreach teams and others should be identifying known locations.

Exhibit C. List of NorCal CoC Point-in-Time Resources (Use link below to access resources)

Includes Training resources. All supporting materials are posted to link below.

<https://pointintime.info/volunteer/norcal-point-in-time-count/norcal-jurisdictional-leads/>

Exhibit D Jurisdictional Lead Responsibilities and Timelines

The meeting focused on training and logistics for a Point-in-Time survey app. Kristen confirmed that training materials and links would be provided, with both video recordings and live training options available. Simtech explained that the app requires internet only for initial download and data submission, with data securely wiped from local storage after submission. The group discussed privacy concerns, with Simtech clarifying that no personally identifiable information is stored on devices. Maddelyn raised questions about command center access, which Kristen and Kevin addressed by explaining regional admin capabilities and data visibility. The conversation ended with a discussion about scheduling additional training sessions, with Simtech offering one-on-one support and emphasizing the availability of jurisdictional lead resources and help desk assistance.

III. HIC Planning

Exhibit E HIC Planning - provides details about the County HIC Lead responsibilities and work with Pathways. - The meeting focused on the Housing Inventory Count (HIC) planning and project naming conventions in the app. Kristen emphasized the need to clarify project naming standards with Pathways to avoid confusion, particularly for shelters in different counties. William provided an overview of the current HIC process, noting that while the number of projects hasn't changed significantly, there have been notable changes in the projects themselves. The team discussed the deadline for finalizing the HIC list by January 9th and the importance of reviewing and updating the list with any missing or new housing information. The meeting also addressed volunteer waiver requirements, with a discussion indicating that the digital consent form in the app would be sufficient.

IV. HIC County Responsibilities.

Volunteer Leads and alternates for each County will oversee the PIT Sheltered Count and HIC process. Identify organizations and projects in the NorCal CoC that need to be included in the 2026 HIC, assist with follow-up if needed.

Provide Seth and Daniel **ASAP** with the names of programs for "all homeless-dedicated beds and programs operating by organizations in your county that are missing from the 2025 HIC List of Projects, **regardless of funding source and including those not currently participating in HMIS**. These would be programs **that are not included in the 2025 HIC** that meet the attached criteria, "Project Type Reference Sheet"

Seth will attempt to reach out to all providers by December 12, 2025 to allow time to follow-up with those who were only left voicemails or have not yet responded prior to the January 9, 2026 deadline. Once the data is gathered, Pathways will be updating the data in HMIS and it will be used to update the HIC in HDX for the HUD submission

Regular and Special PIT Committee Meeting Schedule

Tue. January 6, 9-10

Tue. January 20, 9-10

This Survey Template is designed to mirror the base “Unsheltered Survey” within the Counting Us app. The questions are color coded as noted below.

RED FONT = HUD required questions that are needed in order to produce the HUD Point in Time report.

GREEN FONT = Optional questions used to derive a multiplier for communities that chose the option to include the Vehicle and Makeshift Shelters survey in contract section 2.5.

BLUE FONT = This question is required for communities that chose to include the Miracle Messages Family Reunification survey in contract section 2.10.

PURPLE FONT = These are commonly asked research questions that can be removed without impacting any reporting or conditional logic.

BLACK FONT = Supporting questions designed to help improve the integrity of the data.

YELLOW FONT = Community custom questions.

***Those are all the questions I have for you. We realize that some of the topics covered are personal and can be difficult to think and talk about. We appreciate your willingness to participate tonight. Thank you for taking the survey! ***

PIT Committee Members and HIC Volunteers**2026 HIC Planning Update.**

Thank you for your interest in assisting with the 2026 Housing Inventory Count (HIC)
The approved PIT Count date is Monday, January 26 and January 27, 2026 was approved as "Day of Count"

The following is an overview of the process for completing the 2026 HIC

A. Review 2025 HIC and add programs not included in the 2025 HIC

1. Review the attached 2025 HIC to see if the agency you represent is accurately represented.
2. Please respond to the request sent by Seth and Daniel to identify "all homeless-dedicated beds and programs your organization operates, **regardless of funding source and including those not currently participating in HMIS**.
3. Complete the form they provided at your earliest convenience. Final submittal is due January 9, 2026.
4. Provide **ASAP** to Seth Maneja smaneja@pathwaysmisi.org and Daniel Howland, dhowland@pathwaysmisi.org the names of programs for "all homeless-dedicated beds and programs operating by organizations in your county, **regardless of funding source and including those not currently participating in HMIS**. These would be programs that are not included in the 2025 HIC that meet the attached criteria, "Project Type Reference Sheet".
 - a. Provide to Seth and Daniel, for all homeless-dedicated beds, the following:
 - i. Name of Program
 - ii. Contact name
 - iii. Email
 - iv. phone number
 - v. Indicate which county it is located.
5. Seth will reach out to all providers in December and prior to the January 9, 2026 deadline. Once the data is gathered, Pathways will be updating the data in HMIS and it will be used to update the HIC in HDX for the HUD submission.

B. 2026 Sheltered PIT Survey Count

Please see the attached list of the projects that that can be used for the Sheltered Point in Time Count.

We are in need of compiling a list of the programs that will require the administration of a Sheltered Survey that meet the definition of the following:

1. Emergency Shelter
2. Transitional Housing
3. Safe Haven

Please review the list and provide any needed corrections or revisions and identify any additional homeless-dedicated beds which will require a Sheltered Survey

For programs that need to be added please provide the following to Seth and Daniel

- i. Name of Program
- ii. Contact name
- iii. Email
- iv. phone number
- v. Indicate which county it is located.

C. Criteria for counting sober living or recovery beds in the HIC

Most sober living or recovery beds are not counted in the HUD Housing Inventory Count (HIC).

Below is the breakdown to apply in CoC/HMIS/HIC work:

When recovery or sober living beds are included in the HIC

They are only counted if they meet the definition of a **homeless-dedicated project** under one of the HIC categories:

1. Transitional Housing (TH)

A recovery/sober living program can be counted as TH **if all of these are true:**

- Beds are **reserved for people who are literally homeless**, and
- The project **is in HMIS or required to be**, and
- The program is **funded or recognized** as part of the homeless response system (CoC, ESG, or comparable commitment), and
- The stay is **time-limited** with services designed to move people to permanent housing.

Examples:

- A county-funded Recovery Housing initiative meeting HUD's TH definitions.
- A CoC-funded TH-RRH Joint Component project that uses TH beds for stabilization.

2. Emergency Shelter (ES) (rare)

If a recovery site is designated and operated as *emergency shelter* for people who are literally homeless, it can be counted. This is **rare** for sober living.

3. Permanent Housing (PH)

Again very rare — only if the recovery residence is a bona fide PSH or other permanent housing project dedicated to formerly homeless residents with documentation, services, leases, etc.

When recovery or sober living beds are not included in the HIC

HUD instructs CoCs **not** to include recovery residences or sober living homes when they operate as any of the following:

1. General recovery beds not reserved for the homeless system

- Accept referrals from anyone (probation, self-referral, courts, etc.)
- Do not require participants to meet HUD's "literally homeless" definition
- **Are not governed by HUD homeless program standards or HMIS participation rules**

2. Oxford House-type models

- Democratic resident-managed housing
- **Typically not targeted exclusively to homeless individuals**
- Not considered homeless-dedicated projects

3. State AB 109, probation, parole, or drug court placements

Unless the project is formally enrolled as TH/ES within the CoC and meets all HUD criteria, these are **excluded**.

4. Recovery "treatment" beds

HIC does not count:

- Detox
- Residential treatment
- Licensed treatment centers
- Medical/clinical programs
- Recovery programs funded as behavioral health beds

These fall under *treatment*, not *housing*.

Practical rule of thumb used by many CoCs

If the beds couldn't be claimed in a CoC Program application as TH/ES/PH homeless-dedicated beds, then they should not appear in the HIC.

If they want to be counted, they must:

- Serve only people who meet HUD homeless eligibility,
- Participate in HMIS (or a comparable DB for DV providers),

- Have a housing component that meets HUD project type definitions

Project Type Reference Sheet

| Project Type | Definition |
|------------------------------------|---|
| Emergency Shelter (ES) | A facility that offers temporary shelter to people experiencing homelessness without requiring leases or occupancy agreements; some supportive services may be available. |
| Transitional Housing (TH) | Temporary housing for program participants with signed leases or occupancy agreements, intended to transition individuals to permanent housing within 24 months, unless a longer period is approved by HUD. |
| Safe Haven (SH) | Specialized, low demand housing for people with severe mental illness who have been unable or unwilling to participate in traditional housing or supportive services. These projects must be open 24 hours a day. |
| Rapid Re-Housing (RRH) | Permanent housing projects that provide short- or medium-term rental assistance and supportive services (up to 24 months). Participants must hold a lease. |
| Permanent Supportive Housing (PSH) | These projects provide long-term leasing or rental assistance and voluntary supportive services for households with at least one member who has a disability and meets HUD's definition of chronic homelessness. |
| Other Permanent Housing (OPH) | Long-term housing for people who are experiencing homelessness. This housing does not have disability requirements and may or may not include services. |

The definitions above are based on federal regulations, and on guidance published on hudexchange.info.

- All Project Types above are included in the annual Housing Inventory.
- HUD classifies Emergency Shelter, Transitional Housing, and Safe Haven facilities as shelters, so they are included in the homeless Point in Time count.
